### **Notice**

Dear Customers:

Thank you for your choice of ZNSHINE branded solar PV modules. Recently, the RE+ exhibition in the United States opened as scheduled. In view of some customers' questions about our brand authorizing partners, We hereby state that:

Previously, in order to promote market development and service for more customers, our company launched brand authorization cooperation with the following two manufacturers:

**Manufacture A: PT REC Solar Energy Indonesia**

**Address: Kawasan Bintang Industri II, Lot C/805 dan C/806, Tanjung Uncang, Batu Aji, Kota Batam, Kepulauan Riau, Indonesia.**

**Manufacture B: Hounen Solar America Inc.**

**Address: 145 Millennium Dr, Orangeburg SC 29115.**

All genuine ZNSHINE branded solar PV modules are produced by ZNSHINE's own plants or by the qualified contractual manufacturers like the above two manufactures. The officially licensed manufacturers must pass ZNSHINE's stringent pre-production QA audit, and are regularly inspected and monitored by ZNSHINE's QA team in accordance with in-process QA protocol. The QA-passed solar PV modules bears ZNSHINE's control serial numbers as well as labelled with valid certification mark issued by our company. ZNSHINE holds in its master database all the in-process QA data, including EL images and power rating, submitted by our contractual manufacturers. This is to ensure that only QA-passed products are allowed into market, which are produced in strict conformity to ZNSHINE's quality management system, the quality standards of PV industry and certification bodies, and are lawfully protected by the pertinent global laws and regulations, by the country where the manufacturers are based and where the products are sold.

If you have any questions, please do not hesitate to contact us, (Email: [info@znshinesolar.com](mailto:info@znshinesolar.com)). We will actively cooperate and strive to protect the rights and interests of customers.

Thank you again for your support and trust in ZNSHINE brand.
